e-NABLE is an online global community of approximately 20,000 “Digital Humanitarian” volunteers from all over the world who are using their 3D printers to make free and low-cost prosthetic upper limb devices for veterans and others in need.

Raffle proceeds support the e-Nable community in producing 3D prosthetics provided for free to veterans in the DMV.

The ENABLE Alliance supports underserved communities, with a focus on developing valuable skills and access to new technology integration including 3D printing & engineering for veteran service and others.

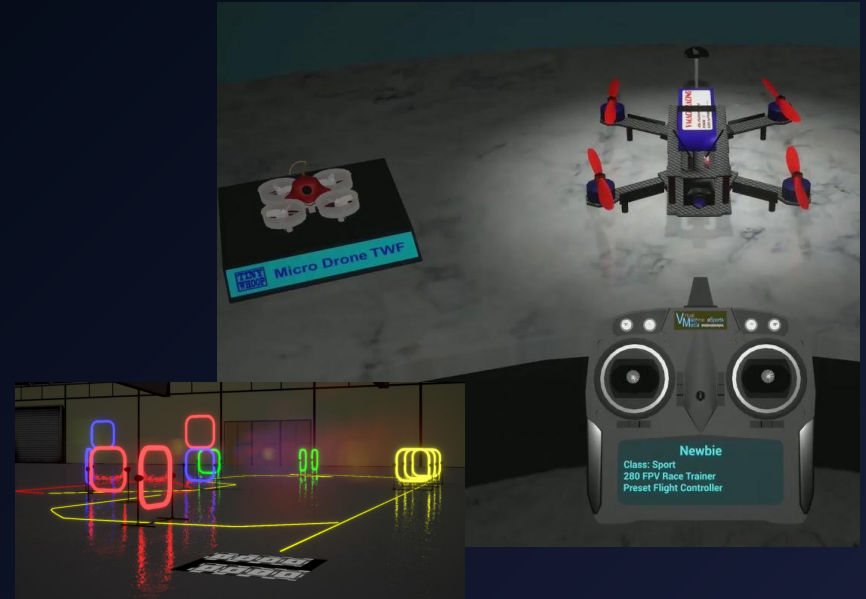

The poster for the E-NABLE STEM Challenge features a young girl with blonde hair wearing a pink 3D printed prosthetic arm. The text on the poster reads: 'E-NABLE STEM CHALLENGE' in large, colorful letters. Below the text are icons for a laptop, a gear, a lightbulb, and a magnifying glass. To the right of the poster, the text reads: 'TELL US HOW YOUR CLASS WOULD CHANGE THE WORLD WITH 3D PRINTING AND ENTER TO WIN AN ULTIMAKER 2+ 3D PRINTER FOR YOUR CLASSROOM!'. At the bottom right, it says 'OPEN TO USA BASED SCHOOLS | K-12 TO UNIVERSITY'.
